To Whom It May Concern:

We are writing to recommend the services of Lewis County Chemical. We have been ordering our janitorial supplies from Lewis County Chemical for 10 years. They do an excellent job of supplying us with our janitorial supplies in a timely fashion and offer the most competitive rates in town.

They are always prompt with their deliveries, have always been reasonably priced, and have gotten us exactly what we have asked them for. They are also a great resource when looking for a certain product to clean a special item.

We are happy to recommend the services of Lewis County Chemical.

Regards,

Cardinal TG, Chehalis
