

CARDINAL[®]

Glass Industries

We have worked with LECO for 13 years as our primary supplier for janitorial equipment and cleaning supplies. They are extremely professional and customer service focused. Its nice to work with a supplier who stocks everything we need, offers competitive prices and delivers the product on time. I have recommended LECO to other business professionals over the years and would like to give a special thank you to Jeff, Brian and Lisa for all of their service!
