Brian,

I want to compliment you on one year of excellent service. Leco Supply has provided me with incredible customer service for the past 15 years, so I expected good service when I hired you at ilani. The services you've provided us are incredible and your pricing is always lower than your competition. We deal with significant volumes so even a small price break can mean large savings. We look forward to many years of service from Leco Supply.

Director of Facilities,

Jeff Young
